C. S. BALASUNDARAMIYER,
Officiating Deputy Commissioner.

MISCELLANEOUS.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Notification No. 1259—*C. S., dated 3rd—4th February* 1913.

The following model prospectus and Bye-laws for a Jaggory Manufacturing Co-operative Society, Limited, are published for the information of the public.

M. A. NARAYANA IYENGAR,
Registrar of Co-operative Societies in Mysore.

PROSPECTUS FOR..... .....JAGGORY MANUFACTURING CO-OPERATIVE SOCIETY, LIMITED,.....

It is well known that sugar cane growing is very profitable. It is our duty to further its cultivation. This requires capital and we can find it best by the cane-growers forming themselves into a Co-operative Credit Society.

2. After the cane is grown it has to be milled and converted into jaggory. The present method of using bullock-power is wasteful and costly. With larger mills driven by oil-engines 20 per cent more juice can be obtained at less cost.

3. Such machinery will cost about Rs. 9,000 for working about 100 acres of cane. The daily expenses of working amount to about Rs. 50. But in spite of this heavy expenditure and initial outlay, the yield in jaggory is estimated to increase in worth from 16,000 to 21,000 rupees for these hundred acres.
